CITY OF PASADENA

CONSTRUCTION & DEMOLITION WASTE MANAGEMENT PLAN APPLICATION

Please allow 15 days for review of completed applications. Please submit via fax to 626-744-7085 or via email to recycle@cityofpasadena.net A Performance Security Deposit & Administrative Review Fee are due at the time of permit issuance. For further information, please call 626-744-7175.

***City of Pasadena Municipal Code requires that at least 50% of waste generated from both construction and demolition be diverted from the landfill.**

BLD or DEM #: _____

Project Address: _____

Project Description: _____

Type of Project:

- ☐ Demolition (greater than 1,000 sq. feet gross floor area)
- ☐ Residential Addition (greater than 1,000 sq. feet gross floor area)
- ☐ Tenant Improvement (greater than 3,000 sq. feet gross floor area)
- ☐ New Structure (greater than 1,000 sq. feet gross floor area)
- ☐ City Public Works Project (any size) and Competitive Bid Projects

Applicant Information (must be completed in full by property owner or contractor):

Name:_____

Address:_____

City:_____**State:**_____**Zip:**_____

Phone:_____**Fax:**_____**Email:**_____

Company Name (if applicable):_____

I hereby certify that the information I have provided is correct. I understand that falsification of information is punishable pursuant to Chapter 8.62 of the Pasadena Municipal Code.

_____

Applicant Signature Date

FOR OFFICE USE ONLY

Received by:_____Date approved:_____Date denied:_____

Security deposit amount:_____Review fee amount:_____

Date entered in tidemark:_____

PROJECT INFORMATION

Project Address:_____

Estimated $ Valuation	Sq. footage of Demolition	Sq. footage of New Building	Demolition Start Date	Construction Start Date	Type of Construction (wood, steel, concrete, other)

Is this a phased project? Y____N____ If yes, please explain the construction schedule:

_____

_____

_____

_____

Will this project use subcontractors? Y____N____If yes, please explain how you plan to ensure that they are aware of the Construction & Demolition Waste Management Plan requirements:_____

_____

_____

_____

Chapter 8.62 Waste Management Plan for certain construction and demolition projects within the City of Pasadena requires a minimum of 50% diversion of C&D debris. Briefly state how materials will be sorted for recycling, reuse, or salvage on the project site:

_____

_____

_____

_____

Please read and initial next to each of the following:

**** I understand that franchise haulers are required to provide job-specific diversion and disposal information. It will not be sufficient to submit a form or a letter that states "All waste hauled in the City of Pasadena is subject to 50% diversion."** _____

****I understand that the waste management plan agreed to herein will be monitored through regular site visits by a City recycling specialist to ensure compliance with the ordinance. The project applicant agrees to assist the City recycling specialist in having access to the site and support the actions needed to monitor the projects' compliance.** _____

CONSTRUCTION AND DEMOLITION WASTE MANAGEMENT PLAN ESTIMATES

On the table below, please estimate quantities for each type of material to be recycled or landfilled. Recycled means materials will be recycled on or off site, reused, or salvaged. See pg. 4 for information on diversion of inert debris. **Please note that the hauler you use must be a City Franchised Hauler. Your haulers must haul C&D debris to one (or more) of the certified mixed debris recycling facilities listed in the table below.**

Material Type (check all that apply)	**Recycled (= or > 50%)** _____ Estimated Amount (**in tons**)	**Landfilled (= or < 50%)** _____ Estimated Amount (**in tons**)	**Hauler(s)** (check all that apply—**see attached list for contact info**) *The franchised haulers listed are those that handle construction & demolition debris and are approved to haul in the City of Pasadena.*	**Destination Facility(ties)** (check all that apply—**see attached list for contact info**)

Estimated Total Waste (Recycled + Landfilled) _____tons

Estimated total percentage of materials recycled _____%
(percent recycled = tons recycled/total tons of waste)

C&D RECYCLING FACILITIES

The facilities listed below recycle mixed C&D Waste and/or inert materials such as concrete, asphalt and dirt. You may receive additional credit toward the 50% recycling minimum by hauling inert material to these approved facilities. Confirm materials accepted and current hours of operation by calling the facility phone numbers listed below.

Hauling your inert material to an inert landfill **WILL NOT** result in additional credit for your project. Inert landfills are old mines, quarries, canyons or gullies that are being filled. Some of these inert landfills are Nu-Way Live Oak Reclamation Facility, Peck Road Gravel Pit and Arcadia Reclamation.

Inert Debris Recycling Facility	Materials Accepted					Diversion Rate
	Mixed C&D Waste	Dirt	Sand	Concrete	Asphalt
