Please understand that the Linda Vista "neighborhood group" does not speak for all neighbors of the Rose Bowl. I live overlooking the Rose Bowl (1119 Wotkyns Drive) and strongly support the NFL playing there. Large events are great for the vitality and economy of the area, and are one of the reasons I moved here. The argument that "thousands" use the area daily and would be displaced is spurious. The vast majority are walkers and bikers who could easily go elsewhere on the few days the NFL would monopolize the area. The benefits of having the an NFL presence greatly outweighs the detriment.
